

SMK
HELMETS

2026
CATALOGUE

Our manufacturing story spans over 50 years, from humble beginnings in a small garage in India to the forefront of helmet manufacturing. As a global leader in the industry, we remain committed to producing the safest, most comfortable and stylish helmets.

Our high-quality motorcycle helmets & accessories are meticulously designed, manufactured and tested in-house. We are one of the very few helmet manufacturing companies with a high level of backward-integration giving us complete control over the production cycle, so our riders can be assured the SMK Helmet that they are buying is of consistent high quality.

We boast four state of the art manufacturing facilities that handle all necessary production processes from in-house injection moulding of plastics, automatic painting lines, multi density EPS production, automatic printing lines, CNC & Laser cutting, and stitching lines. Beyond this the company houses an ultra-modern design, development and tooling centre. and an in-house VCA approved testing laboratory. SMK Helmets are proudly sold across the world, and we have established a solid reputation for consistently providing premium quality helmets with exceptional craftsmanship, world class safety and great style.

There's nothing like the SMK RETRO - where classic style meets modern protection. This full-face helmet is a fresh take on a timeless design, built with advanced impact absorption materials to deliver superior safety on every ride. With 2 different shell sizes, multi density EPS and a genuine leather inner liner for a luxurious feel, SMK Retro provides both comfort and elegance.

The Pinlock®70 included shield offers exceptional clarity, while the helmet's versatility lets you take customization to the next level. With the included tool, easily swap the shield or switch out the multi-color side plates to create a new look. For even more retro flair, remove the shield and side plates to wear it with your favorite goggles.

The SMK TITAN carbon is crafted for riders who demand premium performance, safety, and comfort. Built with Premium Carbon Composite Fiber Technology (PCFT), it combines strength with a lightweight aerodynamic profile. Its aggressive design, wide Pinlock®70 fitted visor, and advanced ventilation ensure bold style, superior protection, and cool comfort.

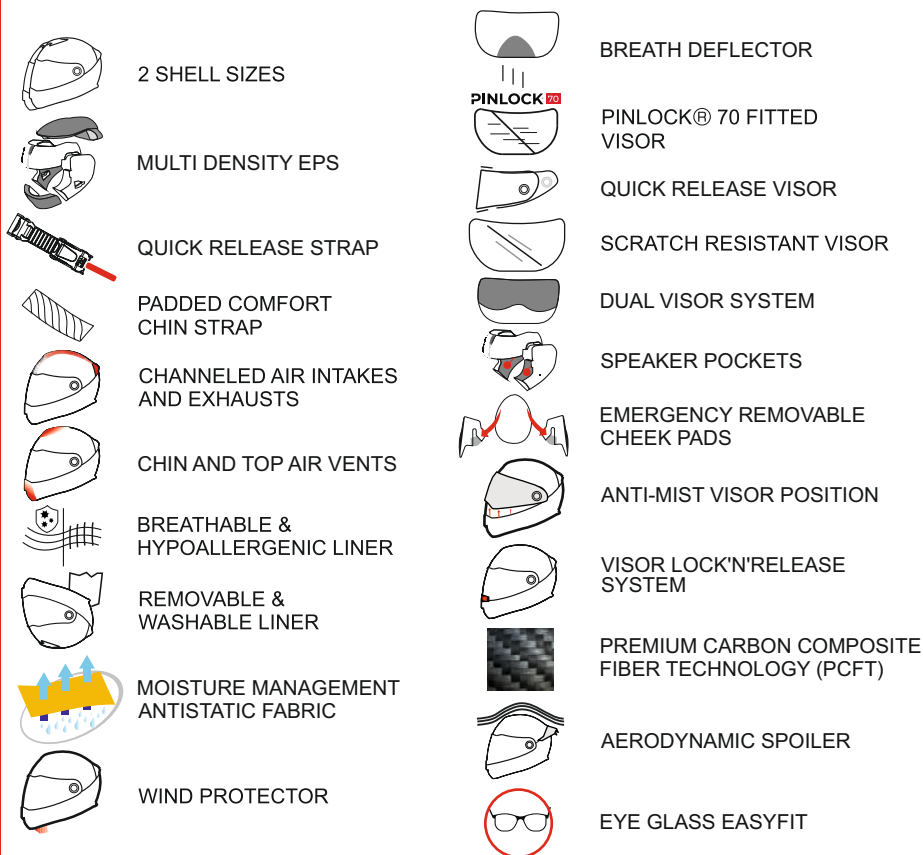

Equipped with a quick-lock outer visor, inner sun visor, and super-soft liners, it offers convenience and comfort. Its plush inner liner, wind stop, and snug fit provide a quite. More than protection, the TITAN CARBON is your ultimate riding companion.

SMK

The SMK GULLWING is a versatile flip-up helmet crafted for tourers and daily commuters. Its dynamic shell, multi-density EPS, and plush liners provide comfort and safety. With double P/J homologation, it can function as both an open-face and full-face helmet.

The helmet's advanced ventilation system, with top and mouth intakes, ensures airflow and comfort.

For enhanced usability, it comes with a retractable sun visor, one touch release outer visor mechanism, wind stop, and Pinlock®70 readiness. Available in bold solids and high-visibility graphics, the GULLWING blends safety, comfort, and bold style in one complete package.

Built for those who live off-road, the SMK Allterra delivers pro-level performance, protection, and style inspired by MX specialists. Its multi-shell design with multi-density EPS and plush, secure liners ensures lasting comfort and confidence across the toughest terrain.

An adjustable, detachable peak and washable hypoallergenic liner with anti-moisture and antistatic properties add all-day practicality. Advanced ventilation keeps you cool, while the wide eye port fits MX goggles for a clear, commanding view. Available in bold graphics and solid finishes, Allterra is made to ride hard and look good doing it.

The **SMK GTJ** is a stylish and elegant open-face helmet created for tourers and urban riders who appreciate fine details. Offered in two shell sizes for a precise fit, it provides lasting comfort on long rides. Its sleek profile, smart graphics, and bold solid colors strike the perfect balance between style and practicality.

Equipped with a wide anti-scratch shield, the GTJ ensures clear visibility and safety, while the retractable internal sun visor can be operated with ease for changing light conditions. A well-designed ventilation system with multiple air vents and rear exhausts maintains steady airflow, making the GTJ a dependable choice for both daily commuting and long-distance touring.

The SMK Terrain Goggles are designed for off-road enthusiasts, delivering durability, comfort, and performance. With a rigid injection-moulded frame and curved lens, Terrain provide a wide, clear field of vision. Advanced ventilation prevents fogging, while triple-layered foam ensures a secure, sweat-absorbing fit.

A changeable, adjustable woven strap with triple silicone waves keeps the goggles firmly in place, and the two-pin tear-off system adds convenience in muddy or dusty conditions. Certified to EN1938:2010 standards and available in five colors, SMK Terrain Goggles perfectly complement the SMK Allterra Off-Road Helmet.

SIZE : 29 LITERS

Premium Composite Carbon Fiber Technology

Premium Fiber Technology

Energy Impact Resistant Thermoplastic

1 Shell - 2 Shells - 3 Shells

Multi Density EPS:

Provides maximum all-round head protection during any unfortunate impact

Top Air Vents:

Provides rider with fresh air while riding, aiding rider comfort

Chin Air Vents:

Air intakes on the chinguard of the helmet for increased air flow on the rider's face while riding, aiding to rider's comfort

Hot Air Exhaust:

Helps in directing hot air within the helmet outwards for rider comfort during extended usage

Channeled Exhausts:

Movement of air through the liners provides maximum comfort to the rider during extended usage

Scratch Resistant Visor:

Protective layer coated for preventing scratches on visor during regular use, maintaining visibility and safety

Quick Release Visor:

Convenient to the rider for easier changing visors when required

Pinlock Antifog:

Patented Pinlock technology for prevention of shield fogging during riding in cold and humid weather

Dual Visor System:

Retractable visor, reduces the sun's glare without replacing visors providing safety and comfort while riding

Breath Deflector:

Deflects moist air, due to breath, away from visor, maintaining rider visibility

Wind Protector:

Protects the rider from cold air while riding, helping the rider's comfort and reducing noise

Quick Release Strap:

For maximum ease of releasing the strap under the chin

Double D Ring Strap:

Secure & adjustable closure system for chin strap providing enhanced safety

Padded Comfort Chinstrap

Prevents breakage of strap, providing maximum protection during any unfortunate impact

Removable Washable Liner:

Ability to remove and clean the liners for maintaining freshness over time

Moisture Management Antistatic Fabric:

Absorbs and evaporates sweat faster from riders face, increasing comfort during extended usage

Breathable Liner:

Breathability causes more air flow inside the helmet liner and as a result faster evaporation of sweat in the helmet liner

ECE 22.06 Certified

DOT CERTIFIED

P/J Certified:

Dual certification of the helmet providing maximum safety while using the helmet as an open face or full face helmet

Emergency removable cheek pads:

In the event of any unfortunate incident, cheekpads can be removed quickly for easy and safe removal of helmet, protecting rider from further injury

Hypoallergenic Liner:

Protects rider from allergies or infections arising from continuous contact with damp helmet liners due to extended riding or on hot/rainy days

Speaker Pockets:

Small enclosure underneath the cheekpad to hold speakers and provide convenience

Eye Glass Easyfit:

Securely holds eyeglasses while riding

Anti-mist Visor Position:

Optimal placement of the visor to prevent fogging

Visor Lock 'n' release System:

Secures the visor in place during riding and enhances safety

Aerodynamic Spoiler:

Designed to improve aerodynamics and reduce drag

Enhanced Airflow System:

Provides enhanced cooling & ventilation during long rides

One Touch Quick Release Visor:

Fast & effortless visor removal/installation

Injection Moulded Frame:
Strong single-piece frame designed for durability.

Triple-Silicone Wave Strap Design:
Silicone grip pattern on the strap keeps goggles firmly in place on the helmet and prevent slipping.

Curved Lens:
Curved lens provides wider, distortion-free vision.

Dual-Flow Ventilation :
Top and bottom vents allows smooth air circulation to reduce fogging and keep rider cool.

Triple Layer Moisture-Wicking Foam :
Multi-layer foam absorbs sweat and moisture, keeping rider's face dry.

Two-Pin Tear-Off Compatibility :
Allows tear-off films to be securely attached for fast, on-the-go lens clearing during racing or off-roading.

EN1938:2010 Certified :
European safety standard for rider eye safety and protection.

Adjustable and Replaceable Strap:
Easily adjustable for a secure fit and fully replaceable

Scratch-Resistant Polycarbonate Lens:
Hard-coated lens prevents scratches during regular use, provides a clear view.

Side-Mounted Outriggers :
Side extensions on goggles that hold tear-offs and evenly distribute strap pressure for a secure, comfortable fit.

Removable and Replaceable Lens :
Allows quick lens swaps and easy replacement.

UV-Resistant Lens:
Protects rider's eyes from harmful ultraviolet rays.

Wide Field of View:
Enhances peripheral vision for greater safety and riding awareness
