ABOUT US

Our manufacturing story spans over 40 years, from humble beginnings in a small garage in India to the forefront of helmet manufacturing. As a global leader in the industry, we remain committed to producing the safest, most comfortable and stylish helmets

Our high-quality motorcycle helmets & accessories are meticulously designed, manufactured and tested in-house. We are one of the very few helmet manufacturing companies with a high level of backward integration giving us complete control over the production cycle, so our riders can be assured the SMK Helmet that they are buying is of consistent high quality.

We boast four state of the art manufacturing facilities that handle all necessary production processes from in-house injection moulding of plastics, automatic painting lines, multi density EPS production, automatic printing lines, CNC & Laser cutting, and stitching lines. Beyond this the company houses an ultra-modern design, development and tooling centre. We also have access to boast in-house VCA approved testing laboratory that conducts thorough reviews of our helmets in accordance with international safety homologations.

We are proud to be pioneers in creating exceptional motorcycle helmets. Our factories are located just outside New Delhi, India. Our team consists of 3000+ skilled and passionate employees including our designers who are strategically located across the globe, so they understand the requirements of different local markets and unique riding conditions

SMK Helmets are proudly sold across the world and we have established a solid reputation for consistently providing premium quality helmets with exceptional craftsmanship, world class safety and great style.

The SMK BIONIC YOUTH helmet is thoughtfully crafted to meet the unique needs of young riders and smaller heads, combining safety, comfort, and style for children eager to explore the world on two wheels. Its compact, lightweight design is as captivating as it is protective, fully compliant with the highest safety standards.

Key features include a Pinlock®70 ready, one-touch quick-release shield, full air vent coverage, and removable, washable liners made from hypoallergenic fabrics for long-lasting comfort. The quick-release buckle with strap ensures a secure fit for every ride.

With the Bionic Youth range, you can protect your loved ones in style and safety. SMK is now for your kids, too!

GOGGLE STRAP

There's nothing like the SMK RETRO – where classic style meets modern protection. This full-face helmet is a fresh take on a timeless design, built with advanced impact absorption materials to deliver superior safety on every ride. With 2 different shell sizes, multi density EPS and a genuine leather inner liner for a luxurious feel, SMK Retro provides both comfort and elegance.

The Pinlock®70 included shield offers exceptional clarity, while the helmet's versatility lets you take customization to the next level. With the included tool, easily swap the shield or switch out the multi-color side plates to create a new look. For even more retro flair, remove the shield and side plates to wear it with your favorite goggles.

With the SMK RETRO, you're not just riding—you're defining your own style.

The SMK TYPHOON is a full-face helmet designed for sports tourers and daily commuters who demand a perfect blend of style, safety, and comfort. Its compact, aerodynamic shell ensures quite rides, while multiple shell sizes, multi-density EPS, washable all-weather liners offer exceptional comfort and protection.

Whether you prefer bold graphics or sleek solid colors, the TYPHOON gives you the freedom to choose a style that suits your personality.

Equipped with a complete ventilation system, including mouth and top vents, this helmet keeps you cool on long journeys. The Pinlock® 70 included shield and easy-to-operate inner sun shield ensure clear vision and safety in all weather conditions. With the SMK TYPHOON, every ride is quiet, comfortable, and stylish.

The SMK Agnar full-face helmet combines bold design with exceptional safety features, setting a new benchmark in both style and performance.

Engineered using aerodynamic principles, it boasts multiple shell sizes, a robust EIRT shell, and multi-density EPS for a secure fit and enhanced protection. The Agnar offers an extra-wide, one-touch replaceable shield, advanced channeled air intakes and exhausts, an internal retractable sun shield, wind stop, and Pinlock 70® included shields. For added convenience, it includes Bluetooth pockets, eyeglass channels, and plush, detachable, washable liners.

With its premium features and outstanding fit, the Agnar is built to elevate every ride.

SMK TITAN , engineered for riders who demand top-tier performance, safety, and comfort. Built with Premium Fiber Technology, this helmet offers superior protection while maintaining a sleek & lightweight design. The aggressive, aerodynamic profile makes a bold statement. Its advanced ventilation system keeps you cool and comfortable. For maximum clarity & safety, the extra-wide Pinlock® 70 included shield provides an expansive field of vision and can be securely locked with a one-touch button. The helmet also features a convenient inner sun shield, easily adjustable for varying light conditions. Inside, the super-soft fabric liners and wind stop ensure a snug, comfortable fit that blocks out wind noise and enhances your riding experience.

The SMK TITAN isn't just a helmet—it's your ultimate riding companion.

P/J CERTIFIED

The SMK GULLWING is a versatile flip-up helmet designed for tourers and everyday commuters, offering a comfortable fit and a dynamic outer shell design. With multiple shell sizes, multi-density EPS, and plush inner liners, it ensures both comfort and safety. Its new single-touch shield replacement mechanism adds to the convenience, while the double P/J homologation allows it to function as both an open-face and full-face helmet for maximum safety.

The intelligently crafted ventilation system, with air intakes on the top and mouth areas, along with the Pinlock® included shield, guarantees comfort even in extreme weather conditions, making it ideal for long rides and daily commutes alike.

The GULLWING also features an internal retractable sun shield, wind stop, and Pinlock®70 included shield for enhanced visibility. Available in sleek solid colors and high-visibility graphics, it delivers both style and safety in one complete package.

The SMK ALLTERRA is a motocross helmet designed for off-road enthusiasts, developed in collaboration with leading MX experts. With multiple shell sizes, multi-density EPS, and firm yet plush inner liners, it guarantees both superior comfort and safety on rugged trails.

The helmet features an adjustable, removable peak, and its washable, hypoallergenic liner is equipped with anti-moisture management and antistatic properties, keeping you fresh and ready for any adventure. The channeled ventilation system with multiple air vents and exhausts ensures optimal airflow for maximum comfort during intense rides.

Designed for the ultimate off-road experience, the extra-wide eye opening is perfect for securely fitting MX goggles, providing an excellent field of vision on the track. The SMK ALLTERRA is available in bold graphics and solid colors, making it the perfect combination of style, safety, and performance for offroad riders.

The SMK GTJ is an elegant and sporty open-face helmet designed for tourers and urban riders who appreciate the finest details. The helmet features two shell sizes for an optimized fit, ensuring maximum comfort on long journeys. With its sleek shape, smart graphics, and solid colors, it effortlessly blends style with functionality.

Equipped with a wide, anti-scratch shield, the GTJ offers exceptional visibility and safety while riding. The internal retractable sun shield can be easily operated with a simple gesture, providing convenience in varying light conditions.

An efficient ventilation system, featuring multiple air vents and exhausts at the back, ensures optimal airflow, keeping you comfortable even during extended rides and extreme weather. Experience the perfect combination of sophistication and performance with the GTJ helmet.

Introducing the ultimate freedom companion- SMK Patriot. Designed for those who crave the open road and live to feel the rush of the open air, this sleek and stylish half helmet embodies the spirit of American ridership. Crafted with precision and passion, it offers unmatched comfort and protection without sacrificing the thrill of the ride.

Get ready to experience unparalleled freedom as you hit the highways and byways of our vast landscapes. Patriot is engineered for performance and practicality featuring lightweight yet durable construction and providing superior protection. With its classic design and customizable options, you can showcase your individuality while embracing the timeless allure of American motorcycle culture. Plus, its compact size and low profile make it perfect for easy storage and portability, whether you're cruising through city streets or tackling rugged terrain.

It's not just a helmet - it's a statement. Gear up and let your spirit ride free.

Premium Composite Carbon Fiber Technology

Premium Fiber Technology

Energy Impact Resistant Thermoplastic

1 Shell - 2 Shells

Multi Density EPS:

Provides maximum all-round head protection during any unfortunate impact

Top Air Vents:

Provides rider with fresh air while riding, aiding rider comfort

Chin Air Vents:

Air intakes on the chinguard of the helmet for increased air flow on the rider's face while riding, aiding to rider's comfort

Hot Air Exhaust:

Helps in directing hot air within the helmet outwards for rider comfort during extended usage

Channeled Exhausts:

Movement of air through the liners provides maximum comfort to the rider during extended usage

Scratch Resistant Shield:

Protective layer coated for preventing scratches on Shield during regular use, maintaining visibility and safety

Quick Release Shield

Convenient to the rider for easier changing shields when required

Pinlock Antifog

Patented Pinlock technology for prevention of shield fogging during riding in cold and humid weather

Dual Shield System

Retractable shields, reduces the sun's glare without replacing shields providing safety and comfort while riding

Breath Deflector:

Deflects moist air, due to breath, away from shield maintaining rider visibility

Wind Protector:

Protects the rider from cold air while riding, helping the rider's comfort and reducing noise

Double D Ring Strap:

Secure & adjustable closure system for chin strap providing enhanced safety

Quick Release Strap:

For maximum ease of releasing the strap under the chin

Padded Comfort Chinstrap

Prevents breakage of strap, providing maximum protection during any unfortunate impact

Removable Washable Liner:

Ability to remove and clean the liners for maintaining freshness over time

Neck Roll:

Additional comfort padding for neck which is removable and washable

Moisture Management Antistatic Fabric

Absorbs and evaporates sweat faster from riders face, increasing comfort during extended usage

Breathable Liner:

Breathability causes more air flow inside the helmet liner and as a result faster evaporation of sweat in the helmet liner

ECE 22.06 Certified

DOT

P/J Certified:

Dual certification of the helmet providing maximum safety while using with the helmet as an open face or full face helmet

Emergency removable cheek pads:

In the event of any unfortunate incident, cheekpads can be removed quickly for easy and safe removal of helmet, protecting rider from further injury

Hypoallergenic Liner:

Protects rider from allergies or infections arising from continuous contact with damp helmet liners due to extended riding or on hot/rainy days

Speaker Pockets:

Small enclosure underneath the cheekpad to hold speakers and provide convenience

Eye Glass Easyfit:

Securely holds eyeglasses while riding

Anti-mist Shield Position:

Optimal placement of the shield to prevent fogging

Shield Lock 'n' release System:

Secures the visor in place during riding and enhances safety

Aerodynamic Spoiler:

Designed to improve aerodynamics and reduce drag

Enhanced Airflow System:

Provides enhanced cooling & ventilation during long rides

One Touch Quick Release Shield:

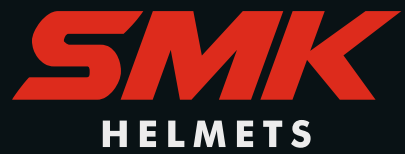

Fast & effortless shield removal/installation

sunrise silence on a new road
lights and colors
deep in the mind
the last turn
before being back home
