SMK
HELMETS

ABOUT US

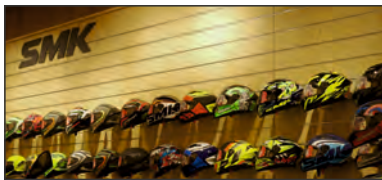

The SMK Helmets story spans over 50 years, from humble beginnings in a small garage in India to the forefront of helmet manufacturing. As a global leader in the industry, we remain committed to producing the safest, most comfortable and stylish helmets.

Our high-quality motorcycle helmets & accessories are meticulously designed, manufactured and tested in-house. Our company has four state of the art manufacturing facilities that handle all necessary production processes from in-house injection moulding of plastics, automatic painting lines, multi density EPS production, automatic printing lines, CNC & Laser cutting, and stitching lines. Beyond this the company houses an ultra-modern design, development and tooling centre. We also boast an in-house VCA approved testing laboratory that conducts thorough reviews of our helmets in accordance with international safety homologations. SMK Helmets has complete control over the end-to-end production cycle so our riders can be assured the SMK Helmet that they are buying is of consistent high quality.

We are proud to be pioneers in creating exceptional motorcycle helmets. Our factories are located just outside New Delhi, India. Our team consists of 3000 skilled and passionate employees including our designers who are strategically located across the globe, so they understand the requirements of different local markets and unique riding conditions.

SMK Helmets are proudly sold across the world and we have established a solid reputation for consistently providing premium quality helmets with exceptional fit and great style.

 CERTIFIED

Gullwing is a Flip-up helmet for tourers and everyday commuters, offering comfortable fit and a dynamic outer shell design. The double P/J homologation allows it to be used both as an open face and a full-face helmet, ensuring maximum safety. A smartly designed vent system on the top and mouth areas along with the clear shield of Pinlock® ready shield offer full comfort even in extreme weather conditions, both during long trips and everyday commuting.

SMK Gullwing offers a complete range of features such as Internal Retractable Sun shield, Wind Stop, and Pinlock® 70 readyshield. Available in solid colors, high-visibility and smart looking graphics, these helmets offer you complete Style & Safety!

Stellar Sport is a sporty take on Stellar that comes with a Race-Style Spoiler, Double D Ring and Pinlock 70 lens included. It is characterized by bold contours and a strong and aggressive design. A light weight and superior fit give riders great comfort even during long durations of use.

The extra wide replaceable visor provides an excellent view of the road. An efficient ventilation system, with advanced channelled air intakes on the chin-guard and top of the helmet provides maximum comfort even on long journeys and under all weather conditions. Stellar comes with an exciting range of features like wind stop and Pinlock® 70 ready shield.

Retro never goes out of style!

Retro is a full-face helmet which is a modern take on timeless design. It is made with advanced impact absorption materials to give riders superior protection at all times. The real leather cushion cradles the rider's face giving an extra sense of comfort. Retro comes with a Pinlock® 70 ready shield.

A special tool is supplied with the helmet to change the visor and to customise the helmet with multi-color side plates. You can remove the shield and side plates to use with goggles or change the side plates to a different color in order to create a new look for your helmet.

Make Retro your style.

Allterra is the MX helmet range of SMK. Made of 2 outer injected EIRT shells for optimized safety and comfortable fitting, it has been conceived by the world's most famous MX experts for off road lovers!

It features an easily removable and adjustable 'peak'. With the washable and removable hypoallergenic liner equipped with anti-moisture management & antistatic properties you are always good to go. The channeled ventilation system with multiple air vents and air exhausts provides maximum comfort to the rider. The extra wide eye opening allows hosting mx goggles in a firm way during x-riding which will allow an excellent view of the track. The SMK Allterra is available with strong graphics as well as in solid colors.

Retro Jet never goes out of style!

Retro Jet an open face helmet which is a modern take on timeless design. It is made with advanced impact absorption materials to provide riders with superior protection. The real leather cushion adds richness to the helmet and provides the rider superior comfort. A long and wide visor provides a broader field of vision.

A special tool is supplied with the helmet to change the shield and to customise the helmet with multi-color side plates. You can remove the shield and side plates to use with goggles or change the side plates to a different color in order to create a new look for your helmet.

GTJ is an elegant, sporty and sophisticated open face helmet, for tourers and urban riders who pay attention to the finest details. It features a cool shape with smart graphics and solid colors. It comes with 2 shells to optimize fitting and allows maximum comfort even during long journeys. Its wide and long anti-scratch shield allows maximum vision and safety while riding.

The internal retractable sun shield, which can be operated by an easy gesture, provides comfort during light-changing conditions. An efficient ventilation system with multiple air vents and air exhausts at the back, provides maximum comfort to the rider during long journeys and extreme weather conditions.

SMK IS YOU, downtown and far away too!

PCFT Premium Fiber

PFT Premium Fiber Technology

EIRT Energy Impact Resistant Thermoplastic

1 Shell - 2 Shells

Multi Density EPS:

Provides maximum all-round head protection during any unfortunate impact

Top Air Vents:

Provides rider with fresh air while riding, aiding rider comfort

Chin Air Vents:

Air intakes on the chinguard of the helmet for increased air flow on the rider's face while riding, aiding to rider's comfort

Hot Air Exhaust:

Helps in directing hot air within the helmet outwards for rider comfort during extended usage

Channeled Exhausts:

Movement of air through the liners provides maximum comfort to the rider during extended usage

Scratch Resistant Shield:

Protective layer coated for preventing scratches on Shield during regular use, maintaining visibility and safety

Quick Release Shield

Convenient to the rider for easier changing shields when required

Pinlock Antifog:

Patented Pinlock technology for prevention of shield fogging during riding in cold and humid weather

Dual Shield System

Retractable shields, reduces the sun's glare without replacing shields providing safety and comfort while riding

Breath Deflector:

Deflects moist air, due to breath, away from shield maintaining rider visibility

Wind Protector:

Protects the rider from cold air while riding, helping the rider's comfort and reducing noise

Quick Release Strap:

For maximum ease of releasing the strap under the chin

Padded Comfort Chinstrap

Prevents breakage of strap, providing maximum protection during any unfortunate impact

Removable Washable Liner:

Ability to remove and clean the liners for maintaining freshness over time

Neck Roll:

Additional comfort padding for neck which is removable and washable

Moisture Management Antistatic Fabric:

Absorbs and evaporates sweat faster from riders face, increasing comfort during extended usage

Breathable Liner:

Breathability causes more air flow inside the helmet liner and as a result faster evaporation of sweat in the helmet liner

ECE 22.06 Certified

DOT

P/J Certified:

Dual certification of the helmet providing maximum safety while using with the helmet as an open face or full face helmet

Emergency removable cheek pads:

In the event of any unfortunate incident, cheekpads can be removed quickly for easy and safe removal of helmet, protecting rider from further injury

Hypoallergenic Liner:

Protects rider from allergies or infections arising from continuous contact with damp helmet liners due to extended riding or on hot/rainy days

Speaker Pockets
